CALEB KANKU

WEB DEVELOPER

PERSONAL PROFILE

Full stack developer graduated from the Federal University of Kazan, with 2 years+ of work experience as an IT consultant. Computer buff, I learned to code in various computer languages (C #, Python, Javascript) and created personal projects, including an online marketplace that allows sellers to sell on the platform, a netflix clone, Rest APIs with Django . Versatile, I master the different technical stages of creating a site or a web application; from understanding user needs, to frontend and backend development using React/Nextjs, NodeJs and Django which i specialize in. I teach programming to college and high school students.
